PRELIMINARY AMENDMENT

Prior to the examination of the above-identified application on the merits, please amend
the application, without prejudice, as follows:

IN THE SPECIFICATION:

Please replace the paragraph beginning at page 8, line 18 with the following paragraph:

A1

Figure 29 is a block diagram illustrating a structure of a cellular telephone;

Please replace the five paragraphs beginning at page 58, line 13 with the following paragraphs:

A2
Cm't

Referring to Figure 28, illustrated is an information providing system equipped with a kiosk terminal device according to the present invention. This information providing system includes an information administration server 21 of a cellular telephone company, a cellular telephone 22 and a kiosk terminal device 23. Electric waves received by and sent from the cellular telephone 22 are caught by a communication relay device (repeater) 24. A communication line or network 26 connects the communication relay device 24 with the information administration server 21. A high-speed dedicated line 27 connects the information administration server 21 with the kiosk terminal device 23.
